Fruit and Ornamental Trees

Huckleberry for Decorating

314 River Street

Nov. 20

Santa Cruz, Calif., _____ 1916

The Santa Cruz Huckleberry Plant is a most exquisite and lasting green so much sought by eastern people that it threatens to be exterminated here.

Besides being well adapted as a house plant the cut branches for vase adornment are peculiarly attractive

I am offering a few thousand rooted plants for potting at \$3 per dozen, packed in moss, f. o. b. Santa Cruz, Cal,

62.89
Branched upright clippings, 12 to 18 inches, for vase adornment I offer \$1.15 per dozen prepaid, and in tight cases for transporting for holiday season, Price liable to change.

For dealers a handsome commission allowed on lots of 35 to 40 vase specimens in tight pasteboard cases.

Pot plants need light, and shade - not sunshine, not an out door plant in eastern states.

HENRY SHAW,

314 River Street, Santa Cruz, Cal.

Refer to F. D. Baldwin, President First National Bank, Santa Cruz

Special sprays for decorating 2 or 3 feet long, in cases of 25 lbs, packed in moss. 25c a pound f.o b. Santa Cruz
